Dear Martin,

Once again, MLW has provided the John Deere Classic and Royal Canadian Golf Association with a first class product and service onboard charter flights flown to and from the British Open. The players are able to travel in comfort and style which makes a difference when deciding to participate in both PGA tournaments.

Your crew was outstanding and deserves special recognition. We appreciate the extra efforts and continued communication and cooperation working with us to ensure successful charter flights for both the John Deere Classic from Moline to Prestwick and Royal Canadian Golf Association for RBC Canadian Open from Prestwick to Toronto.

Our hats off to the entire crew as noted below in addition to Chad Railsback in Sales, Robert Smiley and Dirk Pettitt in Operations and a very special thanks to Frank Godfrey in Maintenance who is now a proud owner of Scottish kilt.

Thanks again for a job well done and we look forward to next year's charter flight to and from Edinburgh, Scotland for 2010 British Open.

Continued Success,

Dee Robbins
